

# Gynecologist surgeon - Obstetrician

## INITIAL TRAINING

- 2015 **DESC in cancer surgery** – Paris V
- 2010 **DES in Obstetrics and Gynecology**– Paris V
- 2009 **Medical practice thesis** – Paris V

## UNIVERSITY CAREER

- 2022 **Habilitation to supervise research (HDR)** – Paris Saclay
- 2022 **Management diploma (EMAMH)**
- 2016 DIU of medical teaching – Paris XI
- 2015 **3d cycle thesis in Epidemiology** – Paris XI
- 2009 **Master 2** in Epidemiology– Paris XI
- 2006 **Master 1** in Public Health – Paris V

## PROFESSIONAL EXPERIENCE

- 2024 PU-PH - Gynecology and Obstetrics department–Bicêtre
- 2020/2024 MCU-PH – Gynecology and Obstetrics department–Bicêtre
- 2019/2020 **Post-doc in Epidemiology**–MCGill university-Montréal
- 2017/2019 MCU-PH - Gynecology and Obstetrics department–Bicêtre
- 2015/2017 PHC– Gynecology and Obstetrics department–Bicêtre
- 2014/2015 CCA – Oncologic surgery department – HEGP
- 2011/2014 CCA - Gynecology and Obstetrics department–Bicêtre
- 2010/2011 PHC– Gynecology and Obstetrics department–Bicêtre
- 2003/2010 Fellowship in Gynecology and Obstetrics – Paris V

## RESEARCH ACTIVITY

**CESP – Inserm U1018:** Primary care and prevention team – Hôpital Paul Brousse

### Supervision of 2 thesis

2024/2028: Contraceptive behavior among young people.

Student: Marine Rondos

2024/2028: KABP (knowledge, attitudes, behavior and practices) in primary care professionals about endometriosis

Student: Sarah Gaston-Dreyfus

### Co supervision of 2 thesis in progress

2021/2024: Study of uterine healing and evaluation of reinforcement strategies.

Student: Elodie Debras - Co-supervisor: Miss Pascale Chavatte-Palmer (ABIESS)

2021/2024: Adherence of drug treatments and poly-pathology. Application to a population of women treated for cardiovascular disease and undergoing hormone therapy for breast cancer. Student: Juliette Artignan. Co-supervisor: Miss Pelletier-Fleury Nathalie (CESP)

### Management of students in Master2

2023/2024: M2 en Santé Publique option Organisations et système de santé - Mme Daphné GOGUET – Discret choice survey on preference of women with low-activity ectopic pregnancy.

2022/2023: M2 en biologie de la reproduction et du développement – Mme Constance Maudot – Study of uterus healing: pathological results in women (under review)

2021/2022: M2 en Santé Publique option Organisations et système de santé – Mme Célia MAHEUT - Validation of a decision support tool in low-activity ectopic pregnancies.

2019/2020: M2 en Imagerie Médicale – M. Joseph BOUYOU – Contribution of fusion sonography in endometriosis.

2018/2019 - M2 en Techniques Chirurgicales – Mme Claire SZMULEWICZ  
Communication of bad news in relation with surgery or anesthesia: An interdisciplinary simulation training program. Szmulewicz C, Rouby P, Boyer C, Benhamou D, Capmas P. J Gynecol Obstet Hum Reprod. 2021 Sep;50(7):102062.

2017/2018 - M2 en Techniques Chirurgicales – M. Martin ETIENNE  
Benefits of using a simulator in the initial training for transvaginal ultrasound examination in gynecologic emergency unit. Etienne M, Gabay L, Levallant JM, Vivanti A, Dommergues M, Fernandez H, Capmas P. J Gynecol Obstet Hum Reprod. 2021 Feb;50(2):101938.

2016/2017 - M2 en Santé Publique option Epidémiologie – M. Yann MONNET  
Evaluation of factors favoring outpatient management for suburethral tape placement.

2015/2016 - M2 en Santé Publique option Economie de la santé – M. Guillaume BOURREL  
Cost-effectiveness analysis of medical management versus conservative surgery for early tubal pregnancy. Bourel G, Pelletier-Fleury N, Bouyer J, Fernandez H, Capmas P. Hum Reprod 2019;34:261-7.

### Clinical and epidemiological research in women's health

- Adhesions in abdomino-pelvic surgeries: A real economic impact? **Capmas P**, Payen F, Lemaire A, Fernandez H. PLoS One. 2022 Oct 27;17(10):e0276810.
- Is hysteroscopy a good option to manage severe cesarean scar defect? Zeller A, Villette C, Fernandez H, **Capmas P**. J Minim Invasive Gynecol. 2021 Jul;28(7):1397-1402
- Ovarian drilling in polycystic ovary syndrome: Long term pregnancy rate. Debras E, Fernandez H, Neveu ME, Deffieux X, **Capmas P**. Eur J Obstet Gynecol Reprod Biol X. 2019;4:100093.
- Are synechiae a complication of laparotomic myomectomy? **Capmas P**, Pourcelot AG, Fernandez H. Reprod Biomed Online 2018;36:450-4.
- Fertility and pregnancy outcomes after transvaginal cervico-isthmic cerclage. Neveu ME, Fernandez H, Deffieux X, Senat MV, Houllier M, **Capmas P**. Eur J Obstet Gynecol Reprod Biol 2017;218:21-26.
- Vaginal cervico-isthmic cerclage versus McDonald cerclage in women with a previous failure of prophylactic cerclage: a retrospective study. **Capmas P**, Letendre I, Leray C, Deffieux X, Dumnil L, Subtil D, Fernandez H. Eur J Obstet Gynecol Reprod Biol. 2017;216:27-32.
- Hysteroscopic resection of type 3 myoma: a new challenge? **Capmas P**, Voulgaropoulos A, Legendre G, Pourcelot AG, Fernandez H. Eur J Obstet Gynecol Reprod Biol. 2016;205:165-9.

- Fertility after ectopic pregnancy: the DEMETER randomized trial. Fernandez H, **Capmas P**, Lucot JP, Resch B, Panel P, Bouyer J; GROG. Hum Reprod. 2013 May;28(5):1247-53.

### **Social science research on medico-economic issues and analysis of medico-administrative databases:**

- Women's preferences for less active ectopic pregnancy treatment: A discrete choice experiment. **Capmas P**, Panjo H, Artignan J, Babelhadj A, Benoist I, Decouzon J, Jarrige C, Leglise M, Renoncet V, Pelletier-Fleury N. Eur J Obstet Gynecol Reprod Biol. 2024 Jan;292:175-181.
- Are breast cancer patients with suboptimal adherence to cardiovascular treatment more likely to discontinue adjuvant endocrine therapy? Competing risk survival analysis in a nationwide cohort of postmenopausal women. Artignan J, **Capmas P**, Panjo H, Constantinou P, Pelletier-Fleury N. BMC Med. 2023 Nov 24;21(1):463. doi: 10.1186/s12916-023-03156-3.
- Further evidence that endometriosis is related to tubal and ovarian cancers: study of 27,444 in patient women. **Capmas P**, Suarathana E, Tulandi T. Eur J Obstet Gynecol Reprod Biol. 2021; 260:105-09.
- Conversion rate of laparoscopic or robotic to open sacrocolpopexy: are there associated factors and complications. **Capmas P**, Suarathana E, Larouche M. Int Urogynecol J. 2020.
- Management of hydrosalpinx in the era of assisted reproductive technology: a systematic review and meta-analysis. **Capmas P**, Suarathana E, Tulandi T. J Minim Invasive Gynecol. 2021.
- Cost-effectiveness analysis of medical management versus conservative surgery for early tubal pregnancy. Bourel G, Pelletier-Fleury N, Bouyer J, Fernandez H, **Capmas P**. Hum Reprod 2019;34:261-7.

**Grant submission (PHRC): FRENCHM6NP** – Triaging women with pregnancy of unknown location using M6 model without progesterone (M6NP): French multicenter prospective validation study randomized in cluster and budget impact evaluation.

Myolysis registry (Grant of Grand défi): MYOMA for myoma and adenomyosis

## **PUBLICATIONS**

French publications: 25 / International publications: 59

**SIGAPS: 825** / Index H: 14

## **TEACHING ACTIVITIES**

**SIAPS: 621**

Simulation laboratory (LabForSims) -

AAP Simulation in health – ARS IdF 2021. Interdisciplinary reporting of healthcare-associated harm: assessing the potential benefit of involving patient partners

AAP Simulation in health – ARS IdF 023. Forum theater to raise awareness of sexual and gender-based violence.
